

Sandhya V R

Email: sandhyavr1330@gmail.com | Phone: 7411341815

Location: Ullal Upanagara, Karnataka

Career Objective

Motivated Electronics and Communication Engineering graduate with strong technical and communication skills. Seeking an IT role to apply my knowledge in manual testing, HTML, and automation while continuously learning and contributing to team success.

Education

B.E. - Electronics and Communication Engineering

Vivekananda Institute of Technology | 2025 | CGPA: 8.66

PUC: 99.3% SSLC: 96%

Skills

Manual Testing, HTML, CSS, Python, Reasoning & Aptitude, Soft Skills

Projects

1. Design and Implementation of Car Black Box System - Logs vehicle speed, crash data, and GPS location.
2. Med-Bot for Smart Monitoring and Automation for Patients - Automates vitals tracking (temperature, pulse, etc.).

Internships

Soft Skills Intern - Wadhvani Foundation & Seventh Sense Talent Solutions Pvt. Ltd.

- Trained in communication, time management, leadership, and interview readiness.
- Participated in mock sessions and teamwork activities to build workplace behavior.

Embedded Systems Intern - Devminds Embedded Systems and Solutions

- Learned microcontroller basics and embedded C programming.
- Designed a Smart Street Light System using LDR sensors to save energy automatically.

VLSI Design Intern - Rooman Technologies Pvt. Ltd.

- Gained exposure to digital circuits, logic gates, and layout basics.
- Practiced basic design simulations using VLSI design tools.

Certifications

- Soft Skills - Wadhvani Foundation & Seventh Sense
- Embedded Systems - Devminds Embedded Systems and Solutions
- Smart Street Light Project - Devminds Embedded Systems and Solutions
- VLSI Design - Rooman Technologies Pvt. Ltd.
- The Joy of Computing Using Python - NPTEL

Languages Known

English, Kannada, Telugu (basic)
